Objective

- Aspiring software developer with hands-on experience in full-stack development, seeking opportunities to contribute to innovative tech solutions while continuously enhancing technical and leadership skills.

Education

Vignan University

Oct. 2022 – May 2026

B.Tech in Computer Science and Engineering

Vadlamudi, Guntur, AP, India

Personal Projects

Social Network Website UI | *HTML, CSS, JavaScript*

Jan. 2024 – June 2024

- Designed and developed a Facebook-like social media frontend with responsive layouts using Flexbox and CSS Grid.
- Implemented dark/light mode toggle with `localStorage` for user preference persistence.

Food Delivery System using MERN Stack | *MongoDB, Express.js, React.js, Node.js*

Sep. 2024 – Dec. 2024

- Built a full-stack food delivery application with live order status, reusable React components, and responsive design.
- Created RESTful APIs in Express.js with JWT authentication and role-based access control; integrated cart, checkout, and order tracking.
- Optimized MongoDB queries and integrated payment gateway for smooth performance.

Technical Skills

Programming Languages: C, C++

Web Frameworks: JavaScript, HTML, CSS, MERN (MongoDB, Express.js, React.js, Node.js), Tailwind CSS

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Jupyter

Experience

Olcademy

July 2025 – Present

Web Developer Intern

Remote

- Built a fully functional food delivery web application inspired by Zomato using the MERN stack.
- Implemented authentication (JWT), role-based access control (Admin, Moderator, Marketing), order lifecycle, cart and checkout, and restaurant dashboards.
- Designed RESTful APIs with Express.js and Mongoose, focusing on validation, error handling, pagination, and secure session/token flows.
- Developed responsive, reusable React components with Tailwind CSS and improved UX for sorting, searching, and filtering across data tables.
- Collaborated using Git and GitHub for version control, performed code reviews.

Awards & Achievements

- Maintained a 100-day streak on CodeChef
- Solved 100+ problems on LeetCode.
- Active participant in hackathons and tech competitions.
- Won Silver Medal at Mohatsav National Athletics Meet 2024, Vignan University.
- Career Essentials in Software Development by Microsoft and LinkedIn.
- Team leader of athletics at Vignan University.
- Conducted multiple sports tournaments held at Vignan University.
